

THIS WINTER, TOO MANY FAMILIES
WILL HAVE TO BUNDLE UP TO
STAY INDOORS.

But by contributing to EnergyShare, you'll help warm more than just hearts.

Your tax-deductible contribution helps those who can't afford to heat their homes. And EnergyShare assistance can be used for any kind of heat: oil, gas, kerosene, wood or electricity. In fact, over the last 30 years, EnergyShare has helped more than half-a-million people, raising \$52 million in contributions.

And every cent donated directly supports those in need, since Dominion and social service agencies cover 100% of EnergyShare's administrative costs. So if you can, please support EnergyShare when you pay your bill, and Dominion will match contributions up to \$2 million. Because together, we know that even small donations can make a big difference when the temperature drops.
