

# EVERY DAY

DOMINION LINEMAN JASON GEORGE HELPS FIT ONE MORE PLATE INTO THOUSANDS OF DISHWASHERS.

Overall, dishwashers use less hot water than washing dishes by hand. And that can help reduce your electricity bill. But there's even more you can do to save energy and conserve valuable natural resources. Before turning it on, make sure your dishwasher is full, and let dishes air dry when the wash cycle ends. And when it needs to be replaced, consider buying an ENERGY STAR®-rated dishwasher. Today, more than ever, it's important we all work together to save energy. That's why Dominion is investing in a wide-ranging energy conservation plan to support Virginia's goal of reducing the state's electricity consumption 10% by 2022—while helping customers use less electricity and make the most of their energy dollars.

**WHAT WE DO EVERY DAY, POWERS YOUR EVERY DAY.**
