

# What do we do when it's cold? Huddle together, naturally.

---

Last season Dominion, its customers and employees donated more than \$1 million to EnergyShare, Dominion's voluntary fuel assistance program. EnergyShare helps families in need in our service area pay for the oil, gas, kerosene, wood or electricity they use to heat their homes. Over the last 24 years, EnergyShare has contributed more than \$22 million to help our neighbors stay warm. Together with our customers, we're generating another kind of energy — the energy of compassion. It's the compassion we express just by paying a little bit more on our electric bill. EnergyShare. It's a story that warms the heart. And thousands of homes, as well.
