

**DOMINION VIRGINIA POWER / NORTH CAROLINA POWER
CONSTRUCTION AND USE LICENSE / PERMIT
FEE STRUCTURE**

Effective Date: January 1, 2006

Permit Fees

The ***initial permit fee*** for any work on Dominion property is \$500 for any one activity. If included in the initial plans, additional activities are \$100 each.

Example: Plans include a boathouse and some clearing. Total fee would be \$600

Exception: There is no fee required for bulkheads and rip-rap for erosion abatement and shoreline stabilization. **HOWEVER**, a license / permit is still required.

A ***transfer fee*** is applicable any time the ownership of a structure on Dominion's land is transferred. The fee is \$200 if the new owner of the structure applies for a license / permit within 30 days of closing. If the license / permit transfer application is received by Dominion later than that date, the fee is \$500.

Fees for Marinas and Marina-type Structures

Any structures on Dominion's property for which the structure owner charges rental fees, there is an annual fee of \$100 per boat slip. For all marinas and community type structure of 10 or more slips, there is an annual fee of \$100 per boat slip.
