**RE: Dominion North Anna Power Station; Minor Surface Water Withdrawal
VWP Permit 10-1496
September 2011 Water Withdrawal Monitoring Report**

Dear Ms. Marsala,

In accordance with VWP Permit 10-1496, Dominion is submitting this September 2011 Water Withdrawal Monitoring Report for the construction water withdrawal from Lake Anna. Withdrawal under the permit was initiated on June 1, 2011. The attached withdrawal log provides the information required in permit special condition Part I.D.12. The cumulative volume withdrawn during the month was 59,500 gallons. This report will be posted online on the North Anna Power Station Unit 3 website at the address indicated on the attached withdrawal log.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions, please contact Jason Ericson at (804) 273-3485.

Sincerely,

A handwritten signature in blue ink that reads "Robert M. Bisha".

Robert M. Bisha
Director, Environmental Business Support
