

End Landlord Reversion Agreement

Dominion East Ohio

At this time I wish to remove the following locations from my landlord reversion agreement with Dominion East Ohio (Dominion). Included with this form are additional pages as needed for the properties to be removed from the reversion agreement.

If I wish to terminate service that is in my name, I will make sure that Dominion has access to the meter when it schedules an appointment. If the service is in my name but I do not wish to terminate it at this time, then I understand that it is my responsibility to contact Dominion at a later time to stop service, even though the landlord reversion agreement will be cancelled upon receipt of this letter.

I further understand that if the service is not in my name, I cannot have it cancelled, but the landlord reversion agreement will still be cancelled as requested. Lastly, I also understand that it is my responsibility to winterize the property if it will be vacant for an extended period of time. Should there be any damage to the property because I failed to winterize it properly, I will not hold Dominion responsible.
