

## Traditional Colonial

The Traditional Colonial style luminaire is frequently used for urban streetscape and pedestrian lighting applications, as well as for lighting parking areas, where greater vertical illuminance is desired and off site light trespass is not a factor.

- Decorative cast aluminum housing with a matte black paint finish.
- Vertical base down lamping with clear refractive acrylic panels with a [Type III](#) distribution.
- High pressure sodium lamping in 70, 100, and 150 watts.
